More Towns And 700 Guns Taken

LONDON, Aug. 12.—American troops are in the suburbs of Bray today fighting a continuous battle for the outskirts of the little French city. Only slight changes in the line as a whole are reported in dispatches reaching London this afternoon, but a ding-dong battle is raging all up and down the northern section of the present battle line.

PARIS, Aug. 12.—The French have captured Canny-Sur-Malz and Gury and the British have taken Bray-Sur-Somme, it was announced this afternoon by a high official.

LONDON, Aug. 12.—Deep gloom and depression has settled down over Germany as a result of the unbroken series of allied victories on the western battlefront, said an Amsterdam dispatch in the Daily Express today. The German morale has suffer a severe blow from these German defeats. While the military critics remain dumb, the belief is becoming more and more widespread among the German people that the army will have to fall back a long ways. "They (the German people) are discovering the hollowness of militarism which does not win battles," said the dispatch. People knowing Germany say that unless a leadership of the soul is soon found, the morale will sink to the lowest depths of defeatism with lightning speed.

ALLIES' GAIN CONTINUES AS GERMANS FLEE NORTH

Enemy Morale Ebbing—Lenine And Trotsky Also Run—Foe Airships Fall—Late Bulletins

BIG AIR BATTLES GETTING FREQUENT

LONDON, Aug. 12.—British air craft accompanying a naval reconnoitering expedition off the west Frisian coast of Holland yesterday morning brought down a German airship in flames north of Ameland. Six of the motor boats engaged in this expedition have failed to return. British airmen today brought down a German Zeppelin in flames off the English coast, according to advices to the Star.

The machine was one of the largest and newest of this type of aircraft.

GERMAN GENERALS ARE CASHIERED

LONDON, Aug. 12.—Three German generals recently commanding near Montdidier have been cashiered for neglect of duty, according to Belgian reports received in Amsterdam and transmitted by the Exchange Telegraph company.

A large number of soldiers were courtmartialed at St. Quentin Saturday for high treason.

The Germans in Belgium are showing signs of great uneeasiness and the German emperor is reported to have moved to Brussels.

BOLSHEVIKI CHIEFS ARE IN FLIGHT

LONDON, Aug. Aug. 12.—Premier Lenine and his chief assistant, Leon Trotsky, have fled to Kronstadt, the naval base near Petrograd, according to a dispatch sent out by the semi-official Wolff bureau of Berlin and printed in Zurich newspapers, says a Havas report from Paris.

AMSTERDAM, Aug. 12.—Referring to the shifting of the German diplomatic base in Russia, the Vossische Zeitung of Berlin says: "Moscow is in the hands of anti-German elements and the followers of the Social Revolutionists of the Left. This would show that the Bolsheviki rule at Moscow is at an end, and this is the case not only at Moscow but in the greater part of Russia, if not in the whole Russian empire. This throws a vivid light on the failure of the German policy in the East."

U-BATS GET NINE FISHING SCHOONERS

BOSTON, Aug. 12.—At least two steamships and nine fishing vessels are known to have been sunk off the Atlantic coast in the last few days. One of the steamers is the Swedish vessel Sydland.

Thirty members of the crew have been landed at an Atlantic port. Several survivors of various fishing schooners also have been landed. So far as known today, there has been no loss of life in the latest U-boat raid.

El Cerrito Girl Run Down By Auto

What may be a fatal auto accident occurred last evening, Miss Florence McDougal, of El Cerrito, being the victim. She and her mother were returning home from Oakland on a street car, and alighting at Stockton avenue the young lady was hit by a passing automobile, being knocked senseless to the ground and the machine passing over her prostrate body.

We could not ascertain the name of the driver of the auto, but he stopped his machine, and with the help of the car crew took the young lady into the machine and sped back to Oakland and a hospital there. Miss McDougal's head was cut badly and it was feared that she suffered internal injuries. The mother was not hurt.)

NEGRO ARRESTED

Walter Harris, a negro broke into the Telephone office this morning at 1 o'clock. He broke in the back way and the operator heard the noise, but believed it to be upstairs, but on turning around saw the negro, and screamed, attracted the attention of Officer McCandless, who arrested the man and took him to headquarters. The man gave no reason for committing the offense.

Dead Body Found In Lonely Spot

While on their way to Hercules Sunday, three men found the dead body of Joseph Burke in a ravine near Giant. The body had apparently been exposed to the elements for several weeks, as it was badly decomposed.

Relatives are being sought in San Francisco. Burke was 70 years of age and had been working at Camp Fremont. Coroner Bert Curry has taken charge of the remains. The men finding the body were J. McDowell, R. Marsh and D. Bennett.

WHAT THE NIGHT WIRES FLASHED FROM THE FRONT

German casualties on the new Picardy battlefront are now reliably estimated at more than 100,000.

PARIS, Aug. 12.—French artillery is violently shelling both Roye and Noyon, rendering both towns practically uninhabitable.

LONDON, Aug. 12.—Destruction of 80 German battle planes and the probable loss of 42 others which are reported driven down out of control, was claimed today in the official communique issued by the British air ministry.

JUDGE JACOBS WILL DELAY RESIGNATION

Richmond, Calif.
August 12, 1918

Honorable Will R. Sharkey,
Senator Ninth Senatorial District,
Martinez, California.

My Dear Senator:

Your edition of the 9th instant contained an article to the effect that I had enlisted in Y. M. C. A. War Work, and was soon to tender my resignation as Deputy District Attorney of Contra Costa County.

Inasmuch as your paper did not correctly state the facts, I feel that it is but fair to all parties concerned for me to make known to the public the conditions as they do exist relative to my resignation.

It is true that I have made application for Overseas Y. M. C. A. War Work, and on this day I received a notice from the Placement Secretary of the Western Department, National War Work Council, to the effect that I had been approved for overseas service by the Western Department Personnel Committee of the Y. M. C. A. War Work Council, and that my application papers had been sent to the executive committee in New York City, where they will be examined for final approval, and I was instructed in the notice not to sever my present business connections until I received notice from the New York office. So you will see that there is nothing definite at this time about me resigning my position with the District Attorney's office, as there is some question as to whether the condition of my health will permit me to take up overseas war work.

In case I should do so, however, and vacate my position as Deputy District Attorney of Contra Costa county, and as a matter of course I am somewhat concerned about the result of the coming election, and in view of the facts as herein stated I am asking my friends to support Mr. Johnston for reelection.

With kindest personal regards, I beg to remain,

Very Sincerely yours,
HIRAM E. JACOBS.

R. R. ACTIVITY IN RICHMOND LOOKING UP

Santa Fe Enlarging—Pullman Shops May Also Spread Out

The work of connecting the Santa Fe and the Southern Pacific main lines in Richmond is almost completed. A large force of men with the best equipment has been employed on this connection, and the rails of the new spur which cuts out of the Oakland branch of the Santa Fe near Sixth street and joins the Southern Pacific line near the Pullman shops are laid. A steam shovel is busy clearing up the earth thrown up in bringing the roadbed down to grade.

While passengers will now take the ferryboats at the Southern Pacific mole for San Francisco instead of the Santa Fe boats they will pass through Richmond as formerly, and this city will lose nothing by the change. The train crews, which form a stable part of Richmond's population, nearly all of them owning comfortable homes here, will continue to reside in this city. The trains will be switched back at nights for preparations for the next day's runs, the facilities at the Santa Fe yards here being complete and the yard room ample.

Much in the way of increase in the capacity of the terminal shops and freight yards in Richmond are expected under the Federal rule. Word has gone forth that all the usual freight switching and shop work will be carried on here. Extensive additions have been made recently to both the yard trackage and shops of the Santa Fe. The new coash repair plant, housed in one of the largest industrial building on the bay, is a striking addition to the shop facilities.

It is deemed possible that much additional work will be brought to the splendid equipped Pullman shops under Federal control, and there is a possibility of their enlargement. Their central location on the main lines makes them convenient for repair work.

ONE GOOD HUN FINALLY SHOWS UP IN BATTLE

WITH THE AMERICAN ARMY ON THE VESLE, Aug. 12.—A German prisoner, routed out from behind a wall, donned a Red Cross brassard and helped to carry in American wounded.

While he was thus engaged, German snipers shot at him. He got so mad he grabbed a unmanned machine gun and fired on positions where he knew the snipers were lurking, dropping two boche snipers out of a tree.

EVEN ANTIOCH SPEAKS WELL OF H. O. WATSON

Antioch Ledger:

Quite a number of inquiries have been made regarding H. O. Watson, candidate for Assemblyman from this district and for the information of Ledger readers, we secured the following:

H. O. Watson, the man Richmond is offering as a candidate for the Assembly from this county, is one of the City Councilmen of that city. Mr. Watson has been connected with the Standard Oil works for a number of years, and is very highly spoken of by those who know him best. That Richmond holds him in high esteem is shown by his majority when elected to the city council, as it was larger than the people had ever given a candidate.

Watson is a man of family, a home owner and a tax payer, and according to those who know him best, they say he is a man of marked ability, honest, honorable and substantial, and in no way a politician in the general acceptance of that term. Judging by his manner when here last week, he is broad minded and liberal, and is not making his campaign on a one-plank platform, though on the liquor question he is placed as "dry," rather than "wet."

Mr. Watson inclines, also, toward the laboring element, of which Richmond is large composed, and is looked upon as the poor man's friend, without being rabid or radical on the issue. He is making a sensible and dignified campaign, saying not an unkind word against his opponents, or not win at all. Either Calahan or Watson will be elected at the primaries, say the Richmond people, and in either event Contra Costa county will be ably represented in the State Assembly.

In this connection, however, Richmond respectfully represents that it has more than a third of the population of the county, pays more than a third of all the taxes, is entitled to some representation in this distribution of favors, and never gets it, practically all the county offices going to other localities.

That is what Richmond desires, but by the ballot must be determined which man will be elected.

HON. MAYOR AND COUNCIL BALE MUNICIPAL HAY

Big Pipe Line Contract Let—Fly-By-Night Shows Hit a Rap—Gist Of Routine City Work

The City Councilmen held a brief meeting last night, at which all were present. The following business was transacted:

Opening of bids for pipe line to connect up with the Municipal wharf to the water mains of the city. M. P. Holmes bid $10,325, J. W. Cushing, $9,027, T. E. Clinch, $10,148; American Cast Iron Pipe Co., $4,755.40; J. E. Stanigher, 10,354.10; U. S. Cast Iron Pipe Co., $4,640.35. All bids went over, to be considered next week.

W. M. Haskell, who had a contract for dredging out of the inner harbor, and has still some money due him, showed a letter claiming that the bill for the Great Western Power co. is not correct. It was placed on file.

Dogs in Pound.

During the month of July there have been 19 dogs in pound, 32 impounded, and 32 killed. Fees collected amounted to $6.00.

Department Reports.

Three houses were inspected by the Sewer Inspectors, and one condemned.

Many contagious diseases were reported, two houses quarantined, and four fumigated.

Sixteen milk tests were made, nine of which were above standard and two below standard.

Meat inspection fees paid to the City Auditor amounted to $104.50.

There were thirty-five births during July, and twenty-six deaths.

Trees Investigated.

The trees that were reported dying along Cutting Boulevard were investigated, and the report is that out of fourty-three trees, about one-half of them are dead, but died from lack of moisture, and not from being burned.

Building Permits.

Twenty Building Permits were issued for July. The total value of the building for which the permits were issued, amounted to $18,300.

The Police collected from fines $186.00. Sixty-two complaints were investigated.

The Syndicate Tract near the Cap Works at Stege District applied for the City to put in streets less than poor qualities than the city calls for. The request was denied.

Firemen Promoted.

Promotion of Lieutenant Roy Wells of No. 2 to Captain of No. 4 Company, at a salary of $140 a month. Taking effect August 1.

Promotion of Hoseman B. H. Smith to Lieutenant at No. 2 Company at a salary of $130 a month. Taking effect August 1.

Promotion of H. E. Clark from Hoseman No. 2 Company, to Lieutenant of No. 1 Company, at a salary of $120 a month, taking effect August 10.

Theater Tax.

All Theaters are to pay a tax on temporary traveling shows from $5.00 a night to be raised to $20 a night. Refered to introductory ordinances.

Leave of Absence.

John F. Lathrop, Lieutenant of Fire Company No. 1, was given an extended leave of absence to join the Merchant Marines, and Vernon Howard of Hose Company No. 1, who joined the Naval Reserves was given an extended leave of absence.

This will add two more stars to the city's service flag, which now contains sixteen stars.

Meeting was adjourned until next Monday evening at 8 o'clock.

NOTES

Councilman Joe Ogborn got back from a trip to Placerville, just in time to be on hand and sit up and take notice and look wise like Oran and Jim Long and others do.

Judge Hall was picking away at a typewriter with two fingers and trying to bluff himself into the belief that he was a stenographer at a stenog he is worth about four dollar a year.

District Attorney Tom Johnston was on hand, with a cable size smile and some fair to moddlin' cigars. He seems to be solid with the city hall bunch, all the way down the line.

Harry Wernse dropped into see about the bids on the pipe line, but some other guy underbid him a triffle, which was strange, for as a rule he bids too low on most everything, much to the disgust of a lot of high bidders around the bay.

In the absence of Chief Walker, Sergeant Oliver Willie was on hand maintaining order, and looked suspiciously at Jack Galvin and Pat Farley who were betting on politics off in a corner. Betting is agin the law.

The Lane Club Getting Busy

The Lane Club, organized last week at Labor Temple, is fast assuming proportions. There was a rousing good meeting, at which many organizations were represented, and a number of ladies present. Organization was perfected and a campaign for the election of Mayor Lane for Supervisor was arranged. The Club is to meet again at the same place tomorrow evening at 7 o'clock sharp, to hear reports of committees. The members of the club are enthusiastic and say there is no doubt but what their candidates will win out on the 27th at the primaries.

Clean Up and Look Right

All over America hundreds of towns and cities are having what they term "Clean-Up Week," and during that week every body who possibly can give their home or place of business a coat of fresh paint. This would be a good plan for Richmond.

Nothing adds so much to the looks of a house or a town as fresh paint. It gives an air of sanitation, cleanliness and also prosperity.

Use some wall paper, paint and varnish on the inside, too. It will make you feel better to have your home look better, and you will make a hit with the wife at the same time.

We have everything in the "Clean-Up Line, and a little paint and stain go a long ways.

TO ALL PATRIOTIC CITIZENS

The following appeal to patriotism is issued by the Power Administrator appointed by the Railroad Commission of the State of California.

CONSERVE ELECTRICITY

Patriotism demands that you save electricity for war industries.

Northern and Central California have a serious power shortage because of lack of rain during the past winter and the increased use of electricity by war industries.

THESE WAR INDUSTRIES MUST HAVE POWER

There is not enough power for everybody at the present rate of consumption. It is up to you to save. Turn off your lights when ever possible and use lower power lamps.

This is one other thing you can do in the great struggle.

New Homes Building On Canal Subdivision

Two nice new homes are going up right away on the Sutting Canal Subdivision, over at the Point. They are being built by H. W. Wernse, manager of the tract, and Mr. Staninger, manager of the Richmond Dredging company. The homes are to be commodious and modern, and many trees and much shrubbery and flowers will be planted as soon as the rains start.

J. B. Ogborn has the architect contract on both of them, which is guarantee that they will be good ones These are the first dwellings to be erected on the tract.

We are pleased indeed that Mr. Werse is to make his home here, as he is one of the best boosters for Richmond that ever was, and he never quits.

Donnelly's Chances Are Looking Up

Derned if it don't look as though Charley Donnelly was getting into this coroner's race with both feet. We though at first it was a joke, but it is turning out to be anything but a joke. Charley is some hustler, all right, and we might have known he would get out and turn something upside down.

At Antioch, Pittsburg and up through that country they have formed a campaign club in his behalf, and now comes the Carmen's Athletic club of Richmond with a hearty endorsement of his candidacy, and all the platform men are getting as busy as toads in a far barrel, for the Donnelly campaign.

Well, Charley Donnelly is a good old scout, all right, all right, which nobody will deny. He is personally very popular, which of course helps along a whole lot in a campaign. He has worked like a nigger in the cotton fields for the Red Cross and war work activities, and helped raise immense sums of money for them as chairman of the Red Cross entertainment committee, and that sure did make him solid with the ladies.

The News has not waged any particular battle in this coroner race, for the reason that both candidates are good and competent men, and we do not intend to. The people will make their choice on the 27th.

Donnelly is well known, and well liked. He has been here many years, starting as a pick and shovel man for the car company, and worked his way up, as motorman, conductor, etc., until he is now local superintendent of the whole works. His butting into politics was a great surprise party to the News, but he certainly has that right if he wants it. At this writing the race has the appearance of being a close one.

Don't Fail to See Pershing's Crusaders

That America will soon be so well supplied with its own ordnance that it will not have to rely upon being supplied by the French Government, it is clearly shown in "Pershing's Crusaders," the U. S. Official war film, at the Richmond Theater. Tremendous guns as well as field pieces are being manufactured in large numbers and with great rapidity. The films take you through the plants and show in detail how the big guns are made and trains loaded with fild guns are shown on the way to the seaboard, where they will be loaded on ships and transported to the war zone for the use of Pershing's artillerymen.

Thousands of shells of all sizes are shown in the course of manfacture, and even now American is providing its full share of shells for the big guns and field pieces. These also are showning long trainloads on the way east for shipment.

It is heartening to Americans to see these wonderful evidences of what the country is doing to carry on its part of the war, and it is astounding that such vast results should have been attained in so short a time. American artillery is going to take a most important part in the war and will be one of the principal features, along with the American troops, in insuring ultimate victory over the Huns.

Remember Veale Says Byron Times

The people of Contra Costa will not forget the valuable services that have been rendered them by Sheriff Veale in the past quarter of a century. No personal likes or dislikes should deter any citizen from doing his duty, and that duty means to watch out for the best interest of his county.

Without personal reflection in the least to his opponent, it would be a dangerous thing to change horses in the Sheriff's office at this time, while we are at war and while Contra Costa is furnishing vast quantities of essentials for the Government.

We want a man on guard now who is familiar with every turn and every trick of the spiec who are waiting an opportunity to do their cowardly work.

The trained staff at the disposal of Sheriff Veale could not be duplicated without many years of service, and we do not propose at this time to lend aid of any character to any men, no matter how splendid his standing, that will in any manner jeopardise our successful winning of the war.

A vote for Sheriff Veale at this time is more than a vote of confidence—it is a patriotic duty.—Byron Times.
